

TUESDAY EVENING, APRIL 11, 1882.

LOCAL MATTERS.

WEATHER PROBABILITIES. April 11, 1882. For the Middle Atlantic States, cloudy weather with northerly winds, higher barometer stationary or lower temperature.

THE STRIKE.—News from the Cumberland and region represents the condition of affairs there as unchanged. The companies not only object to paying 65 cents per ton for the coal, but to the dictatorial manner in which the striking miners make their demands. The companies, it is said, are contending as much for the control of their property as anything else. Mr. Chas. Mayer, President of the Cumberland Coal Company, stated yesterday, in Baltimore, that the directors of his company had been compelled to reduce the wages. In doing so they acted conscientiously and felt that they were in the right, so were determined to carry out their decisions. They would, as before stated, give miners ample time to consider their actions and return to work, but when the present supply of coal is exhausted, which will be in about a month's time, they would consider that ample grace, and if the strikers refuse to return to work, imported men would be put on. It is understood that an Englishman has offered the contract for mining the coal of the Cumberland region at 50 cents per ton, providing the companies will guarantee him a five years' lease. He asks no protection, believing that the men he will bring to do the mining will be able to take care of themselves.

THE MECHANICS' FAIR.—The fair for the benefit of Lafayette Lodge, Independent Order of Mechanics, was opened in McBurney Hall last night. The hall has been tastefully decorated, and the tables present a neat appearance. Notwithstanding the inclemency of the weather, there was quite a large attendance, and a very pleasant evening was spent. Mr. Leonard Marbury delivered the opening speech.

The following for the several articles on exhibition, to be presented at the close of the fair to the parties receiving the highest number of votes, resulted as follows:

For Watch—Mrs. Burr, 15.
For Cane—W. Mahler, 5;—Frisious, 10.
For Badge—W. D. Chichester, 4.
For Necklace—Miss Messina Keyes, 5.

STRUCK BY A WHIRLWIND AND CAPSIZED.
The sloop *Music*, Capt. J. J. Moore, while on her way up the river to Washington with a load of fish from Capt. Jerry Robb's fishing shore. The *Music* this morning about nine o'clock, when opposite the Half-Way Tree, above this city, was struck by a whirlwind and capsized. The crew, Capt. Moore, his son a little boy, and J. T. Moore, escaped drowning by clinging to the rigging of the sloop until the steaming Key-tone, which happened to be on the way up the river at the time, reached them. When taken on the tug, the boy and men were chilled through. The sloop-sunk on the edge of the flats, and an effort was made this afternoon to raise her. Capt. Moore is an Eastern Shoreman.

No NEW cases of small pox have been discovered to-day. The small pox flag is flying from three houses on the outskirts of the city, and the patients, all colored, have only the varioloid or a light form. The Brady woman who brought the disease here from Pennsylvania, is said to have disappeared again, but it is supposed she is in a house across the canal, where, it is hoped she will remain. Mr. Alexander Lyles, with a force of men working under the building of a small pox hospital in the east south of St. Mary's Cemetery this morning. As soon as the building is completed, all patients reported will be removed to it and cared for. The Mayor will send a communication to the City Council to-night on the subject.

CORPORATION COURT.—Judge N. B. Meade presiding. [Continuation of yesterday's proceedings.] Hoof vs. Neale et al.; chancery. Answer of John G. Williams filed. Henderson et al. vs. Gregory et al.; chancery. Report of commissioner of sale filed and decree for partition and sale.

Stewart vs. Cook et al.; chancery. Petition of J. P. Coleman, Superintendent of Police, filed by leave.

Wahl vs. Brill et al.; chancery. Answer of City Council filed.

Court adjourned till Thursday morning next at 11 o'clock.

FISH REPORT.—Three thousand shad and fifty thousand herring arrived at Fishtown to-day and sold as follows: Shad \$1.25 per hundred; herring \$8.25 per thousand. The fish wharf presented a lively scene this morning, there being a larger number of fish there than on any day since the season opened. The cutters, men and women were present in full force.

VESTRYMEN ELECTED.—The following gentlemen were yesterday elected vestrymen of St. Paul's church: Jno. A. Dixon, W. H. Marbury, Geo. Johnston, Jno. W. Green, Jno. B. Sneed, S. F. Gregory, M. D. Corse, R. M. Lawson, E. L. Daingerfield, P. R. Howe, J. W. Hooff and A. McLean.

The George Jones, colored, mentioned in yesterday's Gazette as having killed a man in Pittsburgh, Pa., is better known in this city as Bob Kenner. He worked for a long time at the factory of Mr. James Green.

Proclamation by the Mayor.

Section 21 of chapter xix. of the Corporation Laws, relating to public health, says: "The Mayor shall give public notice that five dollars reward will be paid to any informant who will make known the name and place of residence of any person or head of a family who attempts to hide or conceal a case of small pox within his house; provided, the information so obtained is corroborated by an investigation of the case so reported."

By the authority conferred upon the Mayor in the above law of the City Council, I will pay FIVE DOLLARS REWARD for the report of any case of small pox now in the city which is being concealed and which has not been reported to the proper authorities.

I consider the offering of this reward necessary, because heads of families in the outskirts of the city have not complied with the laws on this subject. The Health Officer found this morning a case—a colored child—on Henry street concealed in a densely settled section of the city, inhabited principally by the colored race.
